DENVER, COLORADO 80202

February 19, 1970

Commander
Department of the Air Force
APO San Francisco 96228

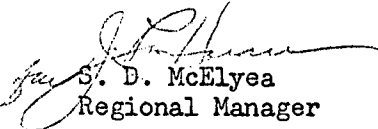

Dear Sir:

We have made an audit of the travel, commercial, and military pay vouchers submitted by the accounting and finance office at Korat Air Base for the period April 1 through December 31, 1968. Documents included in our sample were selected using generally accepted statistical methods. Our audit did not include civilian payrolls, payments under cost-reimbursable contracts, or payments for transportation under bills of lading or transportation requests, as these are audited by other elements of the General Accounting Office.

Our audit disclosed no significant errors in the samples examined.

One of the objectives of our reporting is to enable you to judge the performance of personnel who are responsible for the quality of disbursements at your station. Since our audit included payments from April 1 through December 31, 1968, our findings may not be indicative of current conditions at your station.

Sincerely yours,

S. D. McElyea
Regional Manager
