FAIR HOUSING

Annotated
Complainant Survey

Annotated Complainant Survey

A recent GAO report assessed the thoroughness of the process used by the Department of Housing and Urban Development (HUD) to resolve complaints of housing discrimination ([GAO-06-79](#)). As part of that study, GAO did a telephone survey, which is reproduced here, of a sample of complainants in housing discrimination cases that were investigated and closed by HUD's Office of Fair Housing and Equal Opportunity (FHEO) and state and local Fair Housing Assistance Program (FHAP) agencies from July 1 through December 31, 2004. A survey research firm under contract to GAO interviewed a random sample of 575 complainants to determine their levels of satisfaction with the thoroughness, fairness, timeliness, and outcomes of the complaint intake and investigation process.

Using HUD records, GAO mailed advance letters to and subsequently called the complainants of record in 1,517 eligible cases. The response rate was 38 percent, resulting in the 575 complete interviews. The sample was allocated proportionally across three types of case closures (administrative, conciliation without determination of cause, or a determination of no cause) and responsible agency (FHEO or FHAP). Results were weighted, or statistically adjusted, to make them representative of the entire population of 4,327 complaints closed in the 6-month period the sample covered. The fieldwork was conducted in May and June of 2005 in accordance with generally accepted government auditing standards.

The computer-assisted telephone interviewing questionnaire reproduced here is annotated with the unweighted number of actual respondents answering each question and the

weighted estimates of the percentages giving each answer. Because this survey was conducted with only a sample of the entire population, the results are subject to sampling error—that is, the natural variations that may arise because this sample was only one of any number of samples that could have been drawn to represent the same population. As a result, each of the percentage estimates is followed by a 95 percent confidence interval showing the range that would contain the true value for the actual population for 95 percent of the samples we could have drawn.

Note: Weighted percentages follow each question. N indicates the number of actual respondents to a question. The 95 percent confidence interval, showing lower and upper bounds of the estimates, is in parentheses.

NOTE:

1. Variable names are in bold type.
6. Questions were asked of all respondents unless indicated otherwise.
7. Italics denote automated fills from sample database or previous question in interview.

A. Initial contact:

DIALSCR Hello, I'm _____ with PA Consulting Group.
I'm calling for _____

- 1 Continue interview in English
- 2 Continue interview in Spanish

SCR_A I'm calling to learn about housing discrimination complaints on behalf of the U.S. Government Accountability Office, which is the research arm of Congress. I'm not selling anything, this is a brief government research study about housing discrimination complaints made to fair housing agencies. **N=575**

- 1 Named complainant available **96.9% (94.9–98.2)**
- 2 Correct number, but proxy suggested **3.2 (1.8–5.1)**
- 3 Incorrect number, referral obtained
- 4 Interview can't continue

D. Evaluate Proxy Complainant (Individual):

SCR_D ASK THESE QUESTIONS: **N=19**

Are you sure _____*named complainant*_____ can't tell us more about these things?
What's your relationship to _____*named complainant* _____?
What role did you play in this complaint?
What were some of the key events that took place during the investigation?
What would you say the complaint was about? – Specify and compare with
_____ *issue/basis* _____.

- 1 Proxy is adequate **100% (85.4–100)**
- 2 Proxy is NOT adequate

B. Read Introduction to Selected complainant:

SCR_B I would like to ask you a few questions about your experiences with the complaint investigation process of the fair housing organizations you dealt with. For instance, what kind of contact you had with them, and how satisfied you were with the process. This survey is voluntary, but we'd really like your participation so we can understand how people see the complaint system, would that be OK? **N=575**

According to our records from The Department of Housing and Urban Development, or HUD, _____*you/named complainant*_____ brought a complaint about fair housing discrimination, which was last handled by _____*office*_____ and which ended in _____*month of closure*_____. Does that sound about right to you?

- 1 Yes **98.9% (97.6–99.6)**
- 2 No **1.1 (0.4–2.4)**

SCR_B What part of what I just read do you remember differently?

SCR_B1A (openend) Issue was not fair housing discrimination – Specify: _____

SCR_B1B (openend) Investigating office/organization not as described – Specify: _____*office*
(*typeover*)_____

SCR_B1C (openend) Closure date not as described – Specify: _____

SCR_B2 IF CONCILIATION: Do you/named complainant still have any kind of ongoing relationship with the party you filed the complaint against, where they have to meet the terms of some kind of agreement? **N=207**

- 1 Respondent feels that there is **no** ongoing relationship – Continue with next screening question. (“Don’t Know” responses get coded as answer 1) **100% (98.6–100)**
- 2 Respondent feels that case **has** ongoing relationship - Probe to confirm, then terminate.

SCR_B3 FOR ALL: Do you have any ongoing legal procedures or litigation related to your complaint? **N=575**

- 1 Respondent feels that there is **no** further legal activity – Continue with Question 1. (Don’t know responses get coded here.) **100% (99.5–100)**
- 2 Respondent feels that case **has** ongoing legal activity – Probe to confirm, then terminate

C. Evaluate Institutional Respondent

IF RESPONDENT IS A REPRESENTATIVE OF AN ORGANIZATION:

SCR_IN1 According to our records, your organization was the complainant of record in this case. Did your organization carry out the intake process entirely on its own, or did you go through intake with HUD or another FHAP? **N=16**

- 1 Intake on own **74.3% (49.3– 91.2)**
- 2 With other organization **25.8 (8.8–50.7)**
- 5 Before 5/23

SCR_IN2 And did your organization conduct an investigation entirely on its own, or did you take the complaint to HUD or another FHAP to conduct the investigation? **N=16**

- 1 Investigation on own **5.5% (0.2–25.5)**
- 2 With other organization **94.5 (74.5–99.8)**
- 3 No investigation
- 5 Before 5/23

Decision rule:

	1-Investigation on own	2-Investigation w/ other	3-No investigation
1-Intake on own	Terminate now	Skip intake, Do investigation, Do conciliation: Go to section E and continue	Terminate now
2-Intake w/ other	Do Intake, Skip investigation, Do Conciliation: Go to section E and continue	Do all: Go to section E and continue	Do intake, Skip investigation, Do conciliation: Go to section E and continue

E. Identify Institutional Respondent:

IF RESPONDENT IS A REPRESENTATIVE OF AN ORGANIZATION:

ORG1 Was your organization representing a specific individual who came to you with a problem, or did your organization originate this complaint and was acting on its own behalf? **N=33**

- 1 Representing an individual **15.8% (4.8–34.9)**
- 2 Own behalf **84.2 (65.1 – 95.3)**

ORG2 1. Representing an individual – READ: “The questions I’m going to ask you are written from the point of view of an individual, private complainant. When I ask you about your experiences with the fair housing organizations you dealt with, I’d like you to answer in terms of what your organization experienced during intake and investigation with the FHAP or HUD office you took that complaint to, and not what you think the impressions of the individual were, or their experiences with your organization when they first came to you with the complaint.”

Press any key to continue.

ORG3 2. Own behalf – READ: “The questions I’m going to ask you are written from the point of view of an individual, private complainant. I’d like you to answer in terms of what your organization went through during intake and investigation with the FHAP or HUD office you took that complaint to.”

Press any key to continue.

INT First, I’d like you to think back to when you first realized you had a housing discrimination issue.

GAO's Mission

The Government Accountability Office, the audit, evaluation and investigative arm of Congress, exists to support Congress in meeting its constitutional responsibilities and to help improve the performance and accountability of the federal government for the American people. GAO examines the use of public funds; evaluates federal programs and policies; and provides analyses, recommendations, and other assistance to help Congress make informed oversight, policy, and funding decisions. GAO's commitment to good government is reflected in its core values of accountability, integrity, and reliability.

Obtaining Copies of GAO Reports and Testimony

The fastest and easiest way to obtain copies of GAO documents at no cost is through GAO's Web site (www.gao.gov). Each weekday, GAO posts newly released reports, testimony, and correspondence on its Web site. To have GAO e-mail you a list of newly posted products every afternoon, go to www.gao.gov and select "Subscribe to Updates."

Order by Mail or Phone

The first copy of each printed report is free. Additional copies are \$2 each. A check or money order should be made out to the Superintendent of Documents. GAO also accepts VISA and Mastercard. Orders for 100 or more copies mailed to a single address are discounted 25 percent. Orders should be sent to:

U.S. Government Accountability Office
441 G Street NW, Room LM
Washington, D.C. 20548

To order by Phone: Voice: (202) 512-6000
