**JOINT FINANCIAL MANAGEMENT IMPROVEMENT PROGRAM**

## WHAT IS JFMIP ?

The Joint Financial Management Improvement Program (JFMIP) is a joint and cooperative undertaking of the Office of Management and Budget, the General Accounting Office, the Department of the Treasury, and the Office of Personnel Management, working in cooperation with each other and with operating agencies to improve financial management practices. The Program was initiated in 1948 by the Secretary of the Treasury, the Director of the Bureau of the Budget, and the Comptroller General, and was given statutory authorization in the Budget and Accounting Procedures Act of 1950.

The overall objective of JFMIP is to improve and coordinate financial management policies and practices throughout the Government so that they will contribute significantly to the effective and efficient planning and operation of governmental programs. Activities aimed at achieving this objective include:

- Reviewing and coordinating central agencies' activities and policy promulgations to avoid possible conflict, inconsistency, duplication and confusion.
- Acting as a clearinghouse for sharing and disseminating financial management information about good financial management techniques and technologies.
- Reviewing the financial management efforts of the operating agencies and serving as a catalyst for further improvements.
- Undertaking special projects of a Government-wide nature to resolve specific problems.
- Providing advisory services in dealing with specific financial management problems.

The JFMIP plays a key role in mobilizing resources and coordinating cooperative efforts in the improvement of financial management practices, and relies on the active participation of Federal agencies to be successful.

FOREWORD

)

The Joint Financial Management Improvement Program is pleased to publish the FEDERAL FINANCIAL MANAGEMENT DIRECTORY as a service to the financial management community. We hope that this directory will enhance and facilitate communication and sharing of information among Federal financial managers.

In order to provide timely and responsive service to the financial management community, we would appreciate being informed of any changes to its contents. We encourage comments and suggestions concerning this Directory.
